EXAMINER'S AMENDMENT

1. **Please add the following paragraph** after the title on page 1 of the specification:

The present application claims priority to Italian application number MI2003U000148 filed April 1, 2003.

2. Claims 1 and 4-5 are allowed. The following is an examiner's statement of reasons for allowance: The closest prior art is U.S. Patent Nos. 5,039,482 to Panzani et al., 4,610,656 to Mortensen, 5,770,149 to Raible, and 5,924,848 to Izraelev. Panzani teaches most of the claimed limitations, including a blood flow path from bottom to top through the heat exchanger, but does not teach an arterial blood filter, a monolithic housing, or a centrifugal pump. Mortensen teaches an oxygenator, a pump, a monolithic housing with the pump inside the housing, and an arterial blood filter, but does not teach a blood reservoir upstream of the pump, a heat exchanger, or the pump being a centrifugal blood pump with a horizontal axis. Raible teaches most of the claimed limitations, including a centrifugal pump, an arterial blood filter, and a monolithic housing, but teaches away from a blood inlet located below the blood outlet to define a blood flow path from bottom to top through the heat exchanger. Raible also does not teach the centrifugal blood pump having a horizontal axis, nor the outlet of the centrifugal blood pump being at the top of the portion of the monolithic housing where

the blood pump is located. Izraelev teaches a centrifugal blood pump which may have a horizontal axis, but does not teach the outlet of the centrifugal blood pump being at the top of the portion of a monolithic housing where the blood pump is located, and does not teach most of the other limitations. Combining the various references would not produce the claimed invention.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
